Dental Introduction

I am so excited to introduce you to our presenter, Dave Weber. He is the President and CEO of Weber Associates, a training and consulting firm based in Atlanta, GA.

Since 1987, Weber has been one of the most sought after speakers in the country. Speaking well over 165 times a year, he has worked with some of the best known companies in the world including: **IBM, AT&T, FedEx, Nike, Chick-fil-A, Aflac, Bank of America, The Weather Channel, Delta Airlines, and many more!**

What is interesting is that Weber had no idea OR intention of presenting to DENTAL audiences until just a few years ago when **Dr. Peter Dawson** heard him and asked him to share the platform with him at a Dawson event.

Weber laughingly remarks, “I had never heard of Dr. Dawson and wondered what he knew about dentistry”.

Well, obviously, Dr. Dawson knew a thing or two about the industry and, almost overnight, Weber became a hit at dental meetings across the country.

While still a relative newcomer to our industry, in just a few quick years, thousands of doctors and staff have laughed and learned while participating in many of Weber’s programs and his list of dental clients includes **Hinman, Chicago Mid-Winter, CDA, Texas, over 60 study clubs and too many state dental associations to name spanning the country from the Carolinas to California.**

Dave is the author of 2 amazing books: **Leadership Redefined** and **Sticks & Stones Exposed** (which are available for purchase today) and is the creator of the **LifeTime Organizer**.

He has been called by many doctors: THE CURE FOR THE COMMON MEETING, and the perfect non-clinical/non-technical speaker when you are ready to address practice and life management issues.

So buckle your seatbelts and get ready for the ride of your life. His momma loves him, and you will too!!

Please join me in welcoming **Dave Weber!**
